Run The Application

Date	08 November 2022
Team ID	PNT2022TMID04947
Project Name	AI-Powered Nutrition Analyzer For Fitness Enthusiasts

Run the application

1.After Creating and Saving our HTML file we can RUN our HTML file in our browsers to check the Output/HTML elements.

2.Just locate/Find your Saved HTML file and Double Click on it.

it will automatically run/Open your HTML file in the Default Browser.

3.if you are not able to Run the HTML file or you want to open that HTML File in the different Browser then follow these easy steps:

Step 1. Right click on your HTML file

Step 2. Select Open With option from there

Step 3. Select your favorite web-browser from there (Like Google Chrome / FireFox / Microsoft Edge).

Step 4. and you are DONE, you have Successfully Opened your HTML file in your Favorite Web Browser.
